

ADVIZOR® Expands Internationally.

Highly Ranked Data Discovery and Analysis Solutions Provider Announces new Partnerships in Asia and Europe.

CHICAGO, IL – January 25, 2013. Data Discovery and Analysis Software leader [ADVIZOR Solutions®, Inc.](#), which again in 2012 received top rankings amongst Business Intelligence software vendors in [Gartner's](#) annual survey ("Survey Analysis: Customers Rate Their BI Platform Vendors, 2012"; #G00227584), today announced the signing of two new partners as part of its international expansion plans.

[Solution2Markets](#) is a leading "broker" of software solutions, data and IT services – including distribution, consulting and integration services – over the entire EMEA region. As a broker, Solution2Markets acts as a sales intermediary facilitating introductions and communications between customers and the vendors that best meet their needs. Solution2Markets will be first launching ADVIZOR into France, Poland, Russia, and Benelux this winter.

[Smart Analytics](#) is a professional BI consulting firm that specializes in the design and implementation of Data Visualization solutions, Analytical Business Applications, Dashboarding Solutions and Reporting in the Australian and Asia-Pacific markets.

ADVIZOR Solution's patented interactive data visualization software, in-memory-data-management, and best-of-breed predictive analytics tools empower business people to understand and analyze information without relying on others to prepare or interpret the results. ADVIZOR is running a [free webinar](#) next week which will demonstrate these capabilities.
